Imperial Oil Company Show Their Hand in the Irma Oil Field

DEVELOPMENTS AT BIG AUCTION SALE OF OIL LEASES DEMONSTRATES THAT BIG COMPANY BELIEVES THERE IS OIL.

Monday afternoon at the Dominion Land Office, Edmonton, the doubting Thomas were shown by the record sale of leases that the Imperial Oil Company had explicit faith in the Irma Oil Field. At this sale Mr. Wm. McAdams, lease manager for the big company was on hand evidently determined not to let anything slip by, he was ready to bid on everything that was put up and secured all the leases offered except one 40 acre lease. At this sale which was the biggest ever held in Alberta the Imperial secured 3,960 acres most of which has been held under lease since March of 1914. No doubt the activity around Fabyan has helped to discourage the former owners of these leases who allowed them to lapse as all the leases sold were in Township 45 Range 9, several miles west of the Fabyan well. Some of the leases offered have been cancelled for some time but the bulk of them consist of Sections formerly held by the Alberta Associated Oil Fields Ltd. which consist of Sections 6 - 14 - 18 - 32 and 33. These were filed on by this company early in 1914 and have been carried by them until this summer when they decided to abandon part of their holdings. This company still owns the leases on Sections 16 - 20 - 22 and 34 but there is rumor that the Imperial have arranged for drilling rights on these four sections. During 1915 the Alberta Associated Oil Fields Ltd., erected a derrick and started drilling on Section 34 just north of Irma, this well was drilled some 300 feet when a deal was made with the Imperial for the rig and equipment which was later shipped to Unity, Sask. and from there to the Coutts field. The Irma Oil Development Company have secured some of the best leases in this Township and are arranging to commence operations on one of their leases just west of Irma. It is through meeting geologists who have stated that this was one of the best locations for finding oil, and from interviews with practical oil men that has influenced the directors of this company to select the site they have for their first well. Since the recent developments they are all greatly delighted and are more confident than ever that they have made the best possible selection for their first well.

Under the present regulations it is impossible to secure a lease on land that has been cancelled until the same has been advertised for thirty days after it has been applied for, after which it is put up for auction to the highest bidder. (The advertising consists of placing it on a special file hanging in the land office). As there is considerable delay and inconvenience in trying to secure leases that have been cancelled these have accumulated until there was a total of 4,000 acres available in this Township. These consisted of all of Section 36, Legal Subdivisions 9 & 16 of Section 30, all of Section 6, all of Section 32, Legal Subdivisions 1 - 8 - 9 - 10 - 15 & 16 and the West Half of Section 4, Legal Subdivisions 2 - 6 - 7 - 10 & 14 of Section 24, L. S. 10 of Sec. 13, all of Sec. 14, S. Half Northwest Quarter and L. S. 9 & 10 of Sec. 18. Prior to the sale no information could be obtained as to who had requested to have such large block of acreage put up for auction. Several prominent oil men were on hand ready to pick up a lease here or there provided they could secure them on the regular terms of leasing, but when they saw who was doing the bidding and the determination not to miss anything they backed down and practically let the big company have the floor. With probably the biggest crowd that has been in the Land Office for many a day, promptly at 2.30 Mr. A. Nordquay, the Dominion Land Agent for Edmonton announced that the sale would start. As soon as the first lease was offered Mr. McAdams, who had secured a front position near the counter, promptly started the sale by bidding \$2.50, this was raised by one of the spectators to \$3.00 and promptly raised to \$5.00 by Mr. McAdams, lease agent for the Imperial, once, twice, and third time, sold to the Imperial Oil, completing the sale of the first lease. Practically the same procedure followed for the next three or four leases which included Sections 6 & 32. Then some 40 acre leases in Section 24 was put up and it looked as if there would be some keen opposition, the bids on these leases rose to \$10.00 but they were all secured by the same buyer. L. S. 10 of Section 13 was the next in line, this was run up to \$10.00 and it looked as if Mr. McAdams would get it, but just as the auctioneer was about to say sold, Mr. G. H. Morris, of Edmonton bid \$11.00 and secured the only lease not bought by the Imperial. The next lease put up, Section 14 was run up to \$13.00 but before the auctioneer had a chance to knock it down Mr. McAdams raised it to \$15.00 and got it. After that the crowd apparently decided it was useless to bid against the big company and let them have the balance at \$5.00.

Satisfied that the Imperial had shown their faith in the district, by securing nearly four thousand acres of leases

at such a premium, (when as their Vice President states no oil has been found). The spectators filed out in groups discussing what they thought would be the next move. Ever since the Company announced their plans and commenced operations on the two and a half million dollar refinery at Calgary, rumors have been going the rounds that something big would soon be started by them around Irma. No confirmation could be secured that the company thought that the oil for the new refinery would be piped from the Irma field, nor could any definite information be secured as to the likely source of supply. With all this choice acreage in sight it is easily seen why no encouraging information could be gained, with this addition of choice acreage to their already large holdings, it is hoped that some definite move will be made to get production and cheaper oil and gas for operating the thousands of tractors that are lying idle through the prairie provinces on account of the high price of fuel.

After eleven weeks of unsuccessful effort to free the eight inch casing in the Talpey Arnold well at Birch Lake (North West of Irma) Mr. J. R. Talpey has decided to reduce to six inch and resumed drilling. Eleven weeks ago it is reported that the eight inch pipe parted when the drill was nearing the 1900 foot level. After some weeks the crew succeeded in connecting the pipe but the light formation through which it was set had settled so firmly around it that it was impossible to move the casing. Practically every known method was adopted to free the string of casing so as to be able to continue the 8 inch down further. However, as soon as the six inch pipe is placed drilling will be resumed and the crew expect to be able to continue down to the precious fluid with the six inch. Preparations have been made for winter drilling and it is hoped that no further mishaps will happen till the well is completed.

ONLY TWO CREWS WORKING AT MONITOR

The last reports we have received from Monitor is that the West Regent and Imperial Oil Co. are drilling. The West Regent are reported to be around 3,000 feet with several good showings of gas. The Imperial are reported at 2,200 feet but no definite information can be obtained as to the probable indications of oil.

IRMA - FABYAN - WAINWRIGHT

The Irma Oil Development Company are expecting work any day from the contractor with whom they are arranging for a water well on their new location just west of Irma. As soon as they are assured of a good supply of water, arrangements will be completed to commence the construction of the derrick and other buildings. The fact that the Imperial Oil Company have purchased nearly 4,000 acres of leases in the same Township as their location is in will no doubt stimulate the selling of stock in the local company. The officers are all local men and as the new well will be near to town they will always be on hand to look after any details that need their attention.

NOTHING NEW AT FABYAN

Apparently little effort is being made to drill at the Imperial well north of Fabyan. Several reports have been circulated that the well has been completed and the men are preparing to remove to a new location, but so far nothing to confirm these reports can be obtained.

At the British Petroleum Ltd., the drillers seem to have secured plenty of water to assure them of a good supply for the boiler and rotary rig. It is reported that they encountered the hard formation that the Imperial found at Fabyan some two hundred feet higher than at Fabyan. This caused some delay on account of having to send for extra parts for the roller drum. With a good supply of water fast work should be made for the next two hundred feet.

Warning

Mr. Lease Holder, Don't Let Your Lease

Lapse.

The Last Week has demonstrated that lots of Valuable acreage has been lost to owners by lack of faith or capital to pay rental.

If you have a good lease in the Irma/Fabyan/Wainwright Field we will protect it for you and give you a good royalty. State location, date of lease and we will send you particulars of our company.

Irma Oil Holdings, Ltd.

ALBERTA

IRMA DISTRICT

The Irma District is the most important Oil, Natural Gas and Mixed Farming district in Alberta, 110 miles S.E. of Edmonton, 200 miles N.W. of Saskatoon. If you want to keep in touch with this important district, subscribe for the Irma Times and get all the news each week.

BOUNDARY WELL HAS OIL SHOWING NEAR THE LINE

McLean well, just north of the Montana border, in Alberta, is reported to have oil showings at 2,400 feet, just above the Madison limestone. The dump is reported to be streaked with oil and growing stronger. Drilling with 310 feet of open hole, drillers are having some trouble with caving, resulting in one fishing job. Production must be found within the next 100 feet.

Bailem well is drilling at about 2,000 feet, while Imperial company is still working on a fishing job. The diamond drill test of Border Oils is the only other active well in the group, making slow progress at 1500 feet.

Winter camp is being constructed at Sommerville Star rig. Segur-Rowe syndicate has completed a derrick on section 29-1-1E1, six miles north of Sweetgrass hills and 26 miles east of Sweetgrass. Preparations are being made for winter drilling campaign.

Imperial well has drilled past lost string of tools and is battling to get casing past them, as pipe is frozen beside the lost tools.

A WORLD'S WONDER

Publishers of Europe and America have expressed surprise that a paper of such wonderful value as the Family Herald and Weekly Star of Montreal can be produced at the subscription price charged. It is not only the enormous size of the Family Herald that excites the wonder of the world, it is the vast variety and the super-excellence of its contents. The great success of the Family Herald of Montreal has resulted in securing for it the very best talent in all its departments. This is a measure of its progressive ness. To say that the Family Herald is in a class by itself without a rival is to put it mildly. The publishers we understand will send sample copies free on receipt of postal card.

CANADIAN DOLLAR NOW BIGGEST IN THE WORLD

The Canadian dollar is taller now by a fraction of a cent's width than Uncle Sam's dollar. It is natural that Canada should be proud of the fact as it is only a short time since Canadian currency was at a discount of sixteen to seventeen percent in the United States.

The change registers a story of prosperity and sound business conditions of which any country would have a right to be proud. Several things have combined to bring about this happy state of affairs.

In the first place Canada has turned an adverse balance on international trade into a favorable balance, and, of course, the very foundation stone of foreign exchange is imbedded in foreign balances. Again, Canadian industrial loans have met very hospitable receptions in the American money markets, with the resultant flow of large sums into the Dominion. Motor tourists have contributed to it importantly. During the last twelve months, 600,000 American motorists crossed the border into Canada. On the basis of an assumed seven day trip and the expenditure of \$25.00 per day for each car, it is computed by statisticians that the total of American money thus left in Canada reached upward of \$10,000,000. This is not a staggering amount, to be sure, in these billion dollar days, but it is a tidy sum.

Canada may well be exultant over the recovery of her currency.

EXTEND TIME FOR CHILDREN'S ESSAYS

The Canadian Forestry Association School Essay Competition, which was to close on November 15th, has been extended until December first, in order to allow the school children of Alberta plenty of time to prepare their essays for the prizes. Three money-prizes are awarded to each province for the most intelligent essays received, and judgment will be on the basis, not of the quantity of information a child may take from text books, but according to the diligence and earnestness of the juvenile contestants.

The greatest interest has been stirred up by this contest in all parts of Canada and thousands of children's manuscripts are reaching the offices of the Canadian Forestry Association at Ottawa. Copies of the competition have been mailed to all schools in Alberta.

REDUCED FARES TO THE PACIFIC COAST

The Canadian National Railways will sell tickets at greatly reduced fares from points Winnipeg and Emerson west in Manitoba, Saskatchewan and Alberta to Vancouver, Victoria and New Westminster, on December 5th, 7th, 12th, 14th, 19th, 26th, and 28th, 1922; January 2nd, 4th, 9th, 11th, 16th, 21st, 23rd, 25th, and February 6th and 8th, 1923.

Travelling on the Canadian National to the Pacific Coast is a definite pleasure. There is no better way of taking a holiday than by a trip over this road, the enjoyment starts when you do, and you do not have to wait for pleasurable experiences until you reach your destination. The Canadian National Railway owns and operates its own sleeping cars and dining cars. These cars, on through trains, are models of luxury and convenience built by experts and embodying improvements resulting from long years of experience in studying the requirements of first class travel. An additional convenience is provided by tourist car service. Canadian National tourist cars are all new and embody the latest and most modern improvements. Charges are only half those for accommodation in standard sleeping cars. For those bringing laundry and desiring to do their own cooking en route, a kitchen is provided in a compartment shut off from the rest of the car. A fire is kept constantly burning in the cook stove and a sink with taps provides hot and cold running water.

The dining cars, with their handsome finish, quiet decorative details and adequate arrangements, furnish a meal-time environment both useful and pleasing and at reasonable cost. All passengers have access to the dining cars.

The Canadian National Railways offers patrons the option of travelling all rail to Vancouver or rail to Prince Rupert, thence Grand Trunk Pacific steamships to either Vancouver or Victoria; or the trip may be made going one way and returning the other.

A greater influx of tourists and excursionists is expected at these North Pacific Coast resorts, as these cities have taken considerable trouble to make the country side acquainted with the beauties of our coast points and winter resorts.

THE HOME BOOSTER'S CREED

Here is the creed of a loyal spirit-ed trade-booster who gives good reasons why one should support the home merchant.

f buy at home—

Because my interests are here. Because the community that is good enough for me to live in is good enough for me to buy in.

Because I believe in transacting business with my friends.

Because I want to see the goods.

Because I want to get what I buy when I pay for it.

Because my home dealer "carries" me when I am short.

Because every dollar I spend at home stays at home and works for the welfare of the town.

Because the man I buy from stands back of the goods.

Because the man I buy from pays his part of the town, county and state taxes.

Because the man I buy from gives value received always.

Because the man I buy from helps support my school, my church, my lodge and my home.

Because when ill luck, misfortune comes, the man I buy from is here with the kindly greeting, his words of cheer and his pocket book, if need be.

Here I live and here I buy.

May Settle in Alberta.

In view of the fact that a large number of British officers will be mobilized from the army in India shortly, and that these men have a small amount of capital and are desirous of securing land in the Overseas Dominions an effort is being made to interest them in Alberta. Major F. Yents Brown, one of these officers, is now on a tour of Canada, and was in Alberta the past week for the purpose of gathering information and investigating conditions.

British M.P. Is Impressed With The Imperialistic Spirit To Be Found In Canada

Sir R. Burton Chadwick, M.P., before his departure for England, gave utterance to the following remarks regarding his impressions of Canada:

I have been in Canada for a short, all too short month, and every day of that month the question has been put to me—"What do you think of Canada?"

Well, I am sailing away on the Express of Scotland, and perhaps some of my many friends who have been so good to me, may be interested in my reply to the above question.

I am too old a traveller to be lured

into the belief that after a few weeks' sojourn in some place of interest an eager public awaits an account of one's experiences. Less experienced, I might fall, as so many have fallen, to the temptation of writing a book, and the world would be enriched and Canada uplifted by something such as—"A Jaun Tripough"—"Wandering In"—"The Awakening Of"—or I might even rise to the ponderous dignity of "Canada."

In my case, the title "When Winter Comes" would be significant, but perhaps a little indefinite and shoppy in a coal merchant who has been using the slogan in an endeavor to succour Canada in her extremity. I may sell coal, but at least, I can sell as a gentleman.

Nor will I attempt to survey the great questions which are before Canada and before the British Govern-

ment in relation to Canada at the present time. One may spend a lifetime and gallons of ink and contribute very little in the attempt to treat these vast subjects if one takes them too widely. I am for the moment a member of the British House of Commons, a privilege of which I am proud, and from the back benches of that historic chamber I take my humble part with some 700 others in the administration, or management, of some of the affairs of all of the four hundred odd million people comprising the Commonwealth of Nations known as the British Empire.

I have only been in Canada for a month, but in that time I have had the great advantage of meeting many Canadians—distinguished and undistinguished—in all walks of life from Prime Minister to laborer—and even golfers, and I have learned a great deal, particularly about Eastern Canada, and I return to London impressed more than ever with the resources of the opportunities, the possibilities, the untapped wealth of this vast Dominion, but realizing as never before, and as it is not possible to realize looking across from England, two great long—namely, the magnificent imperialism of the Canadian people and their intense desire for closer relationship, socially and commercially, with the Old Country.

One may be told that one need not look further back than 1914 for more ample evidence of this, and I would say perfectly true. But the war is now passing into history, and the terrible trials and hardships of the aftermath through which we are passing are so absorbing that there is danger of our vision being obscured and of our failing to appreciate and respond.

The opportunity to visit Canada comes to relatively few of the forty-five millions of our people, and therefore I feel that those who are fortunate enough to be able to see and learn for themselves, particularly if they are men and women in public life, carry a great responsibility.

Wellthy Man (to beggar)—No, I don't assist you, and you needn't envy me my riches. With all my wealth I'm wretched, for I'm a master of indigence.

Beggar—Well, guv'nor! I've heard a lot about hindrance, but I've never had the chance of avin' it. All I asks is, guv'nor, gimme the chance!

Success Of School Fairs

Saskatchewan Organizer Expresses Gratification at Interest Taken in Exhibitions

Gratification is expressed at the interest shown in the school exhibitions in Saskatchewan by H. Saville, organizer of Boys' and Girls' Clubs in his annual report. Approximately 225 school fairs were held this year, which, he says, justifies the statement made by the director of school agriculture that the further development of school exhibitions would be along the lines of better organization and more efficient correlation with the regular school routine, rather than in the increase of numbers.

Prize lists at these fairs, says Mr. Saville varied considerably, but the most suitable prizes in the agricultural classes were those given at Tregarva, including a pure-bred animal, pure seed potatoes and settings of eggs.

Owing to the fall fairs coming at a busy season, in some instances difficulty was experienced in obtaining transportation for livestock, reducing the number shown this year, compared with 1921. The exhibits, however, were of fine quality, and most of the animals were shown in splendid condition, the calf exhibit at Carlevoe deserving special mention, declares Mr. Saville, in his report.

The former practice of exhibiting the largest specimens of vegetables obtainable is gradually disappearing, says the organizer, who expresses the opinion that the children now are paying greater attention to quality and realize that size in most cases is not a very important consideration.

In concluding his report, Mr. Saville expressed further gratification in the fact that the public is realizing that the school exhibitions are not an activity for teachers only but a community organization; at the extent to which boys' and girls' club rules have been adopted by the leading exhibitions, and "the extent to which the school exhibition is being made a vital part of the educational programme of every wide-awake community."

Home For Drug Addicts

Administrator of Narcotic Drugs Act in Manitoba Estimates Cost at \$100,000

Establishing a farm where dope users may be taken and treated, and the advisability of allowing only one retail drug store to sell narcotics on a form or prescription provided by the administration of the law, was advocated by D. J. McConnell, administrator of the Narcotic Drugs Act in Manitoba.

He declared the situation in Manitoba was good in comparison with any other province in the Dominion or state in the United States. Mr. McConnell estimated the number of dope fiends in Winnipeg at between 55 and 100 persons. There was approximately 15 in prison at the present time, but the system of placing narcotic users in jail is futile and had shown itself powerless to obtain permanent cures.

The proposition to buy and equip a farm for the housing of drug addicts would cost in the neighborhood of \$100,000, and it is hoped to get the co-operation of both Provincial and Federal Governments.

Cattle For the Christmas Trade

Liberal Grain Ration Will Put Stock in Primo Condition

The early December marketeers cater to the Christmas trade and invariably show a premium on choice fat cattle over the general run of good stock.

Choice cattle for the Christmas market can scarcely be too fat and merely having near-finished stock of good type might do well to prepare the same for the holiday trade and benefit by the increased price per pound of gain.

Three to four weeks additional feeding on succulent fodder combined with a liberal grain ration will put such stock in first-class condition and return a good margin over cost.

Manners Different

The Englishman, the Frenchman and the American all think each other extremely bad mannered. The Frenchman resents the manners of the Englishman and tolerates the crudities of the American. The Englishman has a contempt for the manners of both the French and the American, and the American comes to Europe humbly thinking that his manners are probably the worst and willing to learn, only to find that they are as good as the French or English manners, but very different.

You Remember?

There are a lot of people left who can remember when every little town in the country had its Grand Opera House and Palace Cinema. Now they call them the movies and the garage.—Los Angeles Times.

Present Year Said To Be One Of The Best For Crops In Whole Of Canada

In its final crop report for 1922 the Bank of Montreal states: "Taken as a whole, the present year is one of the best that Canada has ever experienced,

as regards the quantity and quality of the crops. In the prairie provinces the yield of wheat is estimated to be close upon 380,000,000 bushels with which the railways coped in an excellent manner. During the first two weeks of September, threshing was delayed by rain, but owing to cool weather there was little damage from sprouting. Wheat is grading high, the bulk of the receipts running Nos. 1, 2 and 3 Northern. The yield of wheat is estimated to run from 350,000,000 to 380,000,000 bushels as compared with 280,000,000 bushels last year; oats, 400,000,000 bushels compared with 235,000,000; barley, 55,000,000 bushels as compared with 44,000,000."

Owing to the early harvest in the prairie provinces, 7,000,000 bushels of new wheat were marketed in August, and a further 95,000,000 in September; an abnormally large movement with which the railways coped in an excellent manner. During the first two weeks of September, threshing was delayed by rain, but owing to cool weather there was little damage from sprouting. Wheat is grading high, the bulk of the receipts running Nos. 1, 2 and 3 Northern. The yield of wheat is estimated to run from 350,000,000 to 380,000,000 bushels as compared with 280,000,000 bushels last year; oats, 400,000,000 bushels compared with 235,000,000; barley, 55,000,000 bushels as compared with 44,000,000."

Try these Bakers' Raisin Pies —save baking at home

THERE are luscious raisins in pies just around the corner, at your grocer's or a bake shop.

Baked to a turn—a flaky crust filled with tender, tempting raisins, the rich juice forming a delicious sauce.

Also a fine dessert of food—good food for the blood. Use raisins frequently, therefore, which are both good and good for you, in puddings, cakes, cookies, etc.

Once try these pies that master bakers make fresh daily in your city and you'll never take the trouble afterwards to make raisin pies at home.

Get a pie now and let your men folks taste it.

Made with tender, thin-skinned, meaty, seeded Sun-Maid Raisins.

Quality Merchandise ::

You can SOLVE the question of "What Shall I Give For Xmas?" lots of times by making it a Pair of Nice Towels. Pretty hard to find anything nicer and nothing is More practical. A lot of..Nice New Things in Towellings that you may make up very daintily, and we have some lovely things ready made that are quite inexpensive.

15 in. TURKISH TOWELLING—in dark shades and a very Good Weight. Per yard 17 1-2c

15 in. TURKISH TOWELLING—in Heavy Weight, a pretty Blue and Natural design. Nice quality per yard 30c

16 in. EXTRA QUALITY—in Fancy Designs in Bath, Terry & Turkish. These will make lovely gift Towels with a little tatted or crocheted edge 45c yard 24in. LOVELY WHITE TERRY—that is a Beautiful quality Per yard 50c

GUEST TOWELS—with a dainty design and neatly crocheted edge in either Gold, Pink or Blue Each 35c

TURKISH TOWELS—A nice weight and quality. Splendid Value Pair 75c

TURKISH TOWELS—Lovely quality and a big size 24 x 46 in several designs Per Pair \$1.25

FANCY TERRY AND TURKISH TOWELS—Several kinds, the best quality Nicely Patterned. These make lovely gifts. Up to \$2.00 a Pair.

**SLIPPEN
OR PEARL COTTON**
For finishing Towel ends
Large spools 15c or
2 for 25c

MEN'S TIES
How about brightening up with a nice new Tie? A lot of lovely things in the Newest Designs of Velvets, Swards and Cheney's. Priced 75c - \$2

Tub Silks and Satins
For making dainty Linen for either Personal use or Gifts. Fast Colors and Guaranteed quality in a big range of colors \$1.80 - \$3.00 yd.

CAMISOLE RIBBON
Heaviest quality Swiss Ribbon in Fancy Design Full width, wide enough to make the Complete Camisole. \$2.00 yd.

SLIPPERS
A Big Lot of "Cozy" Felt Bedroom Slippers for Women. Nice Comfy Goods in lovely colors Sizes Compete 1.15 - \$2

Moccassins & Wannigans
If it ever does get cold, we have a big lot of them, all sizes for Men Women and Children Priced very reasonably.

J. C. McFarland & Co.

DOMINION OF CANADA VICTORY LOAN BONDS

MATURING 1st DECEMBER, 1922.

THE BANK OF MONTREAL, under authority of the Minister of Finance, is prepared to redeem the above bonds in full at maturity, without charge, at any of its Branches in Canada.

For the convenience of owners of the bonds, the Bank of Montreal will accept the bonds at any time prior to December 1st, and will make payment in each case on December 1st, as the owner may desire, either by issuing a cheque or by placing the amount to the owner's credit in the books of the Bank.

SWAP

Advertisements under this heading will be inserted free for two weeks for any subscriber, limit 50 words for each advertisement.

BULL—Would swap a registered Shorthorn Bull for grade cattle. Apply H. M. Lester, Irma, Alta.

STALLION—Would swap a nine year old Percheron Stallion, first class, for a good horse. Apply Grover Arnold, Irma.

HORSE POWER—Will swap horses or cattle for horse power suitable for pumping water. Apply Grover Arnold, Irma.

MARE—Will swap quiet, gentle Driving Mare, fond of ladies, for good work horse. E. Huffmann, Irma.

FARM—Will swap Farm about 18 miles S.E. Edmonton, good house and other improvements, for \$1,000.00 worth of live stock, farm implements or anything useful on farm. Apply Owner, c/o Times, Irma, Alta.

LEWISVILLE.

There was a school meeting on November 20th and a trustee, vice Henry Alm, resigned. He was elected in the name of the Board of Education of removing the trusteeship. They are just now settled. They are just now settling in the lower grades, and it was agreed that it be arranged that they be conveyed to Strawberry Plains school, if after the election.

Miss Johnson, teacher of Jarrow school, recently visited at the home of the J. J. Armstrongs.

Mr. and Mrs. Emil Skoglund are leaving their stock in the charge of H. Alm and are going away. Emil is going to the bush lumbering and Mrs. Skoglund will remain at the home of John Skoglund at Junkins.

Marshall Dawson of Silver Lane is coming back to Geo. Rubenoks and will go to Strawberry Plains school. Geo. Rubenoks is batchin' at present, Mrs. Geo. being away.

DIRECTORS OF IRMA AGRICULTURE SOCIETY MEET

The Directors of the Irma Agricultural Society met last Wednesday and considered the report of the secretary and other matters of importance. The Secretary reported the receipt of a very complimentary letter from the Department of Agriculture complimenting the members of the Society on the excellent showing made at the last summer fair. The Secretary Treasurer will endeavor to have all prize money on hand on Saturday afternoon Dec. 2nd. when he will be at the Co-op. hall and distribute the prizes to any who have not received them.

NOT OUR FAULT

Some time ago we announced that we would publish the minutes of the Special meeting of the ratepayers of the Irma School District in our next issue. We have had several enquiries as to why these were not published and wish to state that the Secretary was asked for a copy and promised to give us same whenever he got time or something to that effect, but apparently he thinks it too much trouble to write them out. We are at all times prepared to publish, free of cost the minutes of any School Board, Municipal Council, or any other organization provided we know they are authentic. We feel that the public are entitled to these reports and that they should be as near correct as possible, and the best way to get them is

Main Street

Mr. P. J. Hardy made a business trip to Edmonton Thursday.

Mr. J. R. Love, M. L. A., is spending the week-end in Calgary.

Now is the time to pay your subscription to the Irma Times.

Mr. Larson has secured a new piano for the hall over the store.

Mr. C. R. Beiderman of Kinsella spent Tuesday in Irma.

Mr. W. J. Wyatt, of Edmonton spent the week-end in Irma.

Fall time is pay up time. Is your subscription to the Times paid up?

Don't forget the Auction sale at Irma Saturday, December 2nd.

Mr. A. W. Hardy, of Camrose, has been spending a few days with his son Mr. P. J. Hardy of Irma.

Mrs. Wm. E. Walker's desirous of hearing of any one needing the services of an experienced nurse.

The Goodrich Brothers are taking over the Irma Ice Cream Parlor and Restaurant and will open same as soon as new supplies arrive.

Mr. A. Williams who has been farming a couple of miles northwest of Irma has disposed of his stock and gone to Winnipeg for the winter.

Mr. W. Bibby has returned after spending a short visit with friends in Toronto, but he stayed long enough to feel there was no place like Irma.

The Times has put Irma on the map in big letters. Help us to keep it there by paying your subscription.

Mrs. Geo. Wilberham returned to Calgary last Wednesday morning after spending some time with her son at the Point Farm.

Mr. and Mrs. W. J. Jones—Mrs. L. A. Harvey and Miss Anna Jones of Viking, have been visiting with Mr. and Mrs. P. Jones.

All those owing on subscription to this paper are asked to renew same as soon as possible.

Mr. Wong Yick has opened a laundry in the cottage opposite the old school. This will fill a long felt want especially to the bachelors who are not fond of doing laundry work.

Mr. W. Ketchin has accepted a position in a hardware store at Fort Saskatchewan. Mrs. Ketchin expects leaving as soon as a house can be secured.

Mr. F. W. Higginson received word from Mrs. Higginson last Saturday that her mother who she was called home to see had passed away after a long illness.

Don't forget the church Anniversary next Sunday and Monday night. Special music and services are being arranged for Sunday and a big supper and program is being arranged for Monday night.

Several Irma folks have been visiting Edmonton the last few days. Among those going last Wednesday was Mrs. P. J. Hardy, Miss Lila McGuire, Mrs. Jardine, Mrs. Tucker and Mr. and Mrs. Graydon.

Mr. Geo. Hipperson has purchased the second-hand machinery from J. W. Wyatt and intends holding an auction sale of same on Saturday, December 2nd. Farmers having any articles they wish to dispose of can include them in this sale.

The auction sale at the close of the pioeroa added \$13.75 to the campaign funds. After all expenses were paid the boys were able to send to the Boys Work Board a cheque for \$66.75. Eric Richardson topped the list by selling ten dollars worth of shares. Wayne Mitchell came second with eight dollars worth. In the competition between the two teams Eric Richardson's team won over Wayne Mitchell by three shares. Hence it is up to Wayne Mitchell's gang to provide the free feed for Eric's hungry mob as soon as can be arranged.

WOULD YOU SWAP YOUR TEAM

You might and you might not. Isn't that about the size of it? But one thing is certain: you have something—whether a mare, a grain tank, a drill, a piano, a grandfather's clock or something else—which you no longer need or else you want one of these things and would gladly swap one article for another. Well! why don't you do it? There are over three thousand of you in our big family of readers; many hundreds of persons are reading this at the same moment as yourself. If you have something to swap for anything, tell our folks about it and see how quickly you'll get satisfaction.

If you are a subscriber we are not going to charge anything for this either. We have opened a swap department on this page. Make your adds something like this: "Will swap 12-gauge double barrel shot gun, good condition, for cutter. Write to X. Y. Z., Irma, Alberta." Or like this: "Will swap grade heifer and calf for young mare not under 1200 in weight. Write to John Edbow, Ordinance, Alta." All such swap adds will be inserted in this department FREE. This is one more way in which we are trying to serve our readers. Take full advantage of it.

Rheumatism!

try Sloan's

**It kills pain!**
by breaking up congestion

Most aches of rheumatism arise from congestion. Apply Sloan's Don't rub. It penetrates the sore parts straight to the blood-cirulating. This reduces painful congestion—the inflammation vanishes.

Sloan's is a genuine balsam-like liniment, killing bone and neuralgia. Try it on the cold in the chest.

Made in Canada

Sloan's Liniment—kills pain!**MY CANADA**

BY ELINOR MARSDEN ELLIOT

Published by Special Arrangement with the Author

(Continued)

"What was the most interesting case that you ever nursed?" I asked.

"The one that introduced me to the Bar B.C." returned Mrs. Bingham promptly. "Dr. Mary, not tell you how I met my husband?"

"No," I replied. "Please tell me. I hope I am not inquisitive, but I do love 'true' stories just as much as Sunny does."

"I wonder that Mary did not mention it." Mrs. Bingham began; "she never forgets to remind me of the fact that I broke all my solemn oaths and married a doctor."

Seven years ago this summer I was visiting Dr. Randall in Carbon City, when one day a call came for the doctor to go out to see a man who had been badly hurt while breaking a young horse. The doctor was away at night, and when he got back he told Mrs. Randall and me what he had found—a man with a leg broken in two places, a dislocated shoulder, and bruises from falling to the ground. That night Mr. Bingham, the doctor knew him slightly and so did Mrs. Randall, and they were plainly worried to think that it could possibly be a serious case. So in a fit of temporary aberration I volunteered to go out to the ranch and nurse him! There was not another nurse closer than Medicine Hat, and the doctor made me go, at last, in spite of the objections of his wife. Before I had time to change my mind he had "phoned to the hotel and told Dr. Livingston to come to me and my wife at once. (Don't you see in with the doctor for some greatly needed sickroom supplies; I had not met him before), given me numerous directions and some warnings, handed me a bag of anesthetic, leaving me to pack my suitcase in fear and trembling.

"If I had retained any illusions regarding my profession I should have lost them that day. I was no good to my patient and his surroundings. The surroundings were the worst—for in spite of the fact that Jack's distin-guished countenance was more or less obscured by a three days' growth of beard, he was still good-looking and harmless. But he and I lived in the bunk-house with the men, and the place was hot and untidy, and stuffy. In a fit of temporary aberration I must confess that I have been in many worse houses lots of times, where several servants were kept, for

SAVED HER FROM AN OPERATION

So Thinks Mrs. Tracey of Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Knightington, Ontario—"I took Lydia E. Pinkham's Vegetable Compound at the change of life for troubles which I have had at that time. I had not been well for a year and was not able to do my work. A friend who had taken the Vegetable Compound herself recommended it to me and I think its use saved me from an operation. I highly recommend it to all women who have troubles like mine and am willing for you to use my testimonial."—Mrs. DANIEL J. TRACEY, Knightington, Ontario.

Some female troubles may though suggest radical steps when an operation is necessary. But the more common ailments are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same.

When disturbing symptoms first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious trouble.

W. N. U. 1445

the bunk-house was clean in a primitive, masculine way.

"Secure in my uniform, I assumed command at once, and inside of ten minutes had the men gathered around me. Dr. Randall had told me to have the men set up a tent for me and my patient, and it was not long before this was done. Moving the men about—not so easy a task—suppose it hurt his dignity to be carried on a cot; but finally this too was accomplished.

"Westerner as I am, I had never been in a tent, and the tent was not entirely enjoyable. My patient was restless and feverish, so I was up several times, and each time I went back to my side of the curtain. I would go to go to sleep that the time before. And when I got up in the morning a garter-snake was curled neatly under my bed! I threw a boot at it, and as I watched it wiggled away I pinned for home and mother.

"For the two weeks I was at the ranch I never saw a woman, except once when Mrs. Randall came out with the doctor. But the men were a compensation. It was lovely to have them follow over each other to do things for me, and Dan was a tower of strength in himself. Mr. Bingham says that "cold" is still dangerous of Dan."

"For the first few days I had a model patient. Then he had a shave, and at once became cross. Really, cross is no name for the way he behaved. He had never been a day without his clothes unbuttoned quite loose on his nerves. I suppose; so then, too, his leg had been so long upset before the doctor reached him that there was considerable inflammation, so he had a great deal to complain of. I think that he is quiet and not given to unnecessary speech, but I can assure you that at times his vocabulary is nothing short of marvelous.

"After two weeks I had almost decided that the men could in future do all that was necessary for my patient, so I went back to Carbon City. I thought at that time that I never wanted to see a ranch again, but I did."

"You changed your mind?" I suggested, fearing that I was not going to hear the end of the story.

"I did," said Mr. Bingham, changing his tone. "I told Dr. Minard, 'I'll get you a new doctor.' He wrote every week, and made numerous business trips to Winnipeg after I went home, and at last I had to return to him and get rid of him."

The Bingham's are not noticeably sentimental.

Four weeks from the day I went into quarantine Mrs. Bingham let me out on the balcony. Mr. Livingston and Mr. Livingstone stood on the ground below—Romeo and Juliet up to date—and we all talked until once until "the nurse" ordered me back to my little room. From that day until now I have done very little, and almost before I know it two weeks had passed and I was free once more.

We had a flurry of snow yesterday, and the air was extremely frosty, but the sunshine is as bright as ever. I have had a drive every day since I came out of quarantine, but I am not yet allowed to ride. I am afraid that I will go into a fit again, but they tell me that the little bit of snow that does fall here never lasts long enough to make good sleighing. The hills are covered beyond imagination; come nothing, but the colder air and the absence of flowers mark the change from summer to winter. That is hardly true, though; there is a subtle difference between the two seasons, with snow on the ground, but they tell me that Nature is sleeping—what a very poetical sentence for Elton to be guilty of! After all, the silence may only mean that the trees no longer buzz, the meadows no longer buzz, and the cickets no longer sing.

(To be continued)

Conquers Asthma. To be relieved from the terrible suffocating due to asthma is a great thing, to be relieved from the fear of death is greater. Not only does Dr. J. D. Kellogg's Asthma Remedy bring prompt relief, but it introduces a new era of life for the afflicted. Systematic inhaling of smoke or fumes from the remedy prevents re-attacks and often effects a permanent cure.

Crime and the Revolver

The Attempt to Curb Use of Guns in Britain

The connection between revolver and crime is still being discussed, and the latest phase of it is a report in the Montreal Star that London is being invaded by gunmen. That is to say that whereas formerly criminals did not use revolvers, they are doing so now, and this in spite of the exceedingly stringent rules which govern the sale and possession of firearms in the Old Country.

The report goes to confirm the contention of those who say that rules and regulations, and even the prohibition of the manufacture of revolvers except for military purposes, will not prevent criminals obtaining them. It says that those in Great Britain get them from Germany or the United States, and pay any price commensurate with the risks run by the smugglers. The remedy being tried is the infliction of severe sentences on armed criminals, and the result of this will be illuminating.—The Kingston Standard.

Fine Soldier in Turk Army

The greater part of Kemal Pasha's army is composed of Anatolian hillmen, who make fine soldiers. They may be relied on to hold any position until they are killed or die of starvation. Their mountain physique and their military traditions make them formidable adversaries, as the Greeks found to their cost.

Shanghai imported 132 British motor cars in 1921.

To Trace Strange Race

Men With Tails Reported to Have Been Found in Indo-China

Reports that a tribe of people who have tails is living in Indo-China, have brought Captain E. A. Salisbury, world famous explorer, scientist and author, to the Far East. He will leave Japan shortly for Southern China and then he will explore inland with the intention of finding the newly-reported European anthropologists. Captain Salisbury is the first man to attempt a systematic search and the results of his investigation is being eagerly awaited. Captain Salisbury will go from Indo-China to Europe by way of the Suez Canal. He will tour Abyssinia on the way and has been invited to be the guest of the King of Abyssinia.

She Has Raised A Family Of Ten**DR. FOWLER'S EXTRACT OF WILD STRAWBERRY NEVER FAILED HER**

Mrs. Ervin W. Stairs, East Waterville, N.B., writes: "I have raised a family of ten children and have always used Dr. Fowler's Extract of Wild Strawberry to remove complaint.

Four years ago, when the cholera was about, some of my neighbors died in the doctor's office, but could give no reason. I told the doctor, Dr. Fowler, and after taking it they were soon well again. I also used it for two of my own children at the same time when they were passing blood and a few days soon made them well again.

If you want to be on the safe side as for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for, there are many dealers in the market, such as Sun and get the original 'Dr. Fowler's' price, 50¢ a bottle; put up only by The T. Mifflin Co., Limited, Toronto, Ont.

At a Great Business Duel

A Battle of Giants in the Railway World

Leaving aside for the moment the political and economic aspects of the new development in the railroad world of Canada, there is a touch of romance in the situation as it now presents itself. Two of the longest railroads in the world, stretching across a continent from ocean to ocean, serving the same people and interests, and governed by similar conditions of commerce, are to bid for the public's business. One is privately owned and paying; the other nationally owned and with heavy deficits to be wiped out. At the head of the former is one of the keenest railway minds in the world. And to the head of the latter has just been appointed one of the ablest railway executives.

Sir Henry Thornton comes with a record of generalship in railway management second to none in the empire. Mr. Beatty is a man who is skilled in transportation strategy and a worthy rival of the Anglo-American knight. Mr. Beatty has a big lead. Sir Henry Thornton knows it, and is coming prepared. Surely a battle of giants! On whose side will the Canadian people align themselves? They "own" the national lines which Sir Henry Thornton is to direct. But the other great system is part of them, too. Its history is very much their own. Whichever way the contest goes, it will form one of the most interesting business duels in this country's development.—Ottawa Citizen.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paretic, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhea, alleviating Frightfulness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY

Measuring Depth of Fog

Instrument Used By London-Paris Air Service

The Paris-London air service has an ingenious instrument for measuring the depth of fog above the starting place at Croydon or Abbeville, and so to determine whether there is clear, dry weather a few hundred feet up. The instrument, which is based on the property of human hair of contracting sharply on passing from wet to dry air, consists of a hair attached to a trigger that holds a ring. The instrument is set aloft with toy balloons on a string; as soon as it reaches dry air the hair contracts, pulls the trigger, and down comes the ring on the string.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid you of Catarrh of the nose and throat, of catarrh of the eyes, and remove it for all time.

HALL'S CATARRH MEDICINE is a liquid, taken internally, and acts through the blood upon the surfaces of the system, thus reducing the influence of disease and assisting Nature in restoring normal functions.

All Drugs, Chemists, Circulars free.

Special Crop of Apples

During the year that closed on June 1, the Wenatchee Valley in the State of Washington shipped sixteen thousand carloads of apples, or one apple for almost every inhabitant of the world. It is reckoned that the yield this year will be one-tenth less. The prosperity of the Wenatchee apple district under its system of co-operative effort should be an example to other communities that are adapted by soil and climate to produce a special crop.

SPARKLING EYES

Follow Good Health

London, Ont.—"I have taken Dr. Pierce's Favorite Prescription and it has proved a beneficial tonic. After having had a very bad cold I was in a very weak ended condition, could not regain my strength, so I decided to take the 'Prescription' and by the time I had taken one bottle I had taken one bottle and strength. Dr. Pierce's Favorite Prescription can be relied upon as a builder and strengthening tonic."—Mrs. John Shuler, 225 Clarence St.

IF YOU'RE A YOUNG WOMAN OR EVEN IN MIDDLE LIFE

Here Is Some Good Advice For You From a Prominent Woman

London, Ont.—"When I reached middle age I was in very poor health, was rundown, nervous, would have fainting spells and hot flashes, was a physical wreck. I tried many different medicines but the only medicine that gave me any relief was Dr. Pierce's Favorite Prescription. Before I had taken a bottle I was well and like a different person—the worse I took the stronger I got. What 'Favorite Prescription' did for me I am sure it will do for other women at this same period of life. In short, it is a fabric."—Mrs. M. M. Taylor, 569 Hill St.

Better go now to your neighborhood drug store and obtain Dr. Pierce's Favorite Prescription and take it or have Dr. Pierce's Invalid Hotel, Buffalo, N. Y., for free medical advice, or send 10c for free pkg. of tablets to Dr. Pierce's Laboratory in Bridgeport, Conn.

To Care For Tubercular Women

Saskatchewan Council of Women Will Help to Raise Fund of \$50,000

All the women of Saskatchewan, in whatever part of the province, are invited to lend a hand in raising a fund of \$50,000 for taking care of 50 tubercular women belonging to the province. The Provincial Council of Women has decided to make an effort to raise this sum each year to help along the work of the Sanatorium.

A. B. Cook, Managing Director of the Sanatorium, addressed a meeting of the Provincial Council of Women, telling of the huge programme ahead of the Saskatchewan Anti-Tuberculosis League. If it is to get a Sanatorium built at Saskatoon, and one at Regina within the next two or three years, in addition to the magnificent amount of health work that is being done at the Sanatorium at Fort Qu'Appelle.

He asked if the P.C.W. thought likely the women of Saskatchewan had sufficient sympathy with the tubercular, to make them willing to try to get money enough together to pay for the constant care of fifty women who have tuberculosis.

The Provincial Council of Women believed that the ladies of the province would be proud to have the chance to care for fifty mothers who have not money enough to get treatment for themselves. So Mr. Cook was promised that the P.C.W. will try to make the need known, and that is how the \$50,000 Fund for Fifty Mothers is starting.

Every woman and every women's club, or Sunday school class, or organization is invited to help with it. Mrs. F. W. Bates, 3068 Angus Street, Regina, is the P.C.W. Treasurer of the fund. Prompt acknowledgement will be sent to everyone who sends to her even the sum of a dollar for this fund, or donations are sent direct to Mr. Cook at the Sanatorium, Fort Qu'Appelle, for the fund for Fifty Mothers, a receipt will be mailed at once to the sender.

HOW TO REGAIN YOUR GOOD HEALTH

It Can Be Done Through Keeping the Blood Supply Rich and Pure.

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms, and in mining and lumber camps where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other kind words have been said of their merits.

You have only to ask your neighbors, and they can tell you of some rheumatic or nerve-shattered, mass-some suffering woman, ailing youth or amateur athlete who has been benefited by Dr. Williams' Pink Pills. But more than a third of a century these pills have been known not only in Canada, but throughout the world as a reliable tonic, blood-enriching medicine.

The success of Dr. Williams' Pink Pills is due to the fact that they go to the root of the disease in the blood, and in making the vital organs strong, strengthen the organs and nerves of the body. Mr. A. M. Large, Victoria, P.E.I., adds his testimony to that of thousands of others who have found benefit through the use of this medicine. He says: "About three years ago I became dreadfully run-down. So much so that I had to stop work altogether, and being a carpenter, and busily engaged in the outlook gloomy. I began to think that I would have to rest even after a short walk. My appetite almost completely failed. The doctor whom I consulted told me I would have to take a prolonged rest and live on a diet of medicine, which however did not help me. Then a good friend urged me to try Dr. Williams' Pink Pills, and I gave up my job and before long was in improvement. And I continued to gain and was able to resume my employment. I continued taking the pills for some time longer and now feel as vigorous as I ever did."

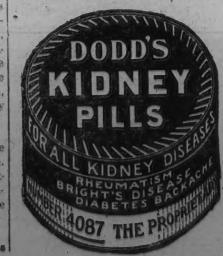

You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Minard's Liniment For Garget in Cows

OIL LIGHT BEATS ELECTRIC OR GAS

BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities, and found to be superior to ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. But 94 per cent air and 6 per cent common kerosene oil.

The Inventor, T. V. Johnson, 579 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, and to give the user a 10% discount in each locality who will help him introduce it. Write him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Student of Values

"You did not return the engagement ring when you jilted the girl?" "No," replied the heartless girl. "I'm unworthy; but it is a perfectly good ring."—Washington Star.

PUT STOMACH IN ORDER AT ONCE

"Papa's Diapepsin" for Gas, Indigestion or Sour Stomach

Instant! Stomach corrected! You never feel the slightest distress from Indigestion or a sour, acid, gassy stomach, after you eat a tablet of "Papa's Diapepsin." This medicine removes all the causes of flatulence, heartburn, gases, palpitation and pain disappear. Druggists guarantee each package to correct digestion at once. End your stomach trouble for a few cents.

Protecting Bird Life

We have heard a good deal about the migratory birds convention. The need of an agreement between Canada and the United States for the protection of bird life cannot be disputed and according to reports received by the Commissioner of the Canadian National Parks, it is having most satisfactory results. Black ducks, common geese, gulls, terns, cranes, Canada geese, brant and plover have shown marked increases.—From the Edmonton Journal.

"We want none of that here!" cried the captain of a certain regiment, to two of his men who were about to have a fight. "We want no fighting man in this regiment!"

VIKING

(The following article appearing in the Kensington, (Minn.) Herald, is no doubt of considerable interest to our Scandinavian friends in this district, and also to all interested in the early history of North America. The Mr. Ohman mentioned in the article is now a resident of Viking which adds further interest to the discovery of the stone with which the article deals)

"The lecture Tuesday night at the high school auditorium by H. R. Holand, the man who first deciphered the Kensington runic stone, was well attended, and those present heard a very interesting story concerning the possibility that Norsemen reached this part of Minnesota in the 11th century 140 years before Columbus discovered ed America.

"Mr. Holand opened his lecture with a correction of the common statement that Columbus discovered America,

giving that honor to Leif Ericson, the son of Eric the Red, who was the first settler of Greenland. Lief went back to Norway and so impressed Olaf Tryggvason, the Christian king of Norway, that the king converted Lief and sent him back to Greenland in the year 1000 to convert the settlers of that country. On his way back to Greenland Lief discovered Vinland, which was the American continent.

Mr. Holand said that there are 15 different accounts in existence of the Norse discovery of Vinland.

"He then took up the Kensington runic stone, telling how it was found in 1898 on the Ohman farm in Solem township when Mr. Ohman was grubbing up stumps. The stone was found among the roots of a tree being grubbed up. It was sent to the University of Minnesota but the runic characters could not be read. A professor at Northwestern University deciphered part of the writing on it, but gave the matter up and the stone was dismissed as a fake. Mr. Ohman gave up trying to have it read until Mr. Holand saw it ten years later. He was a student of Norse history and he succeeded in translating the writing on the stone, as follows:

"Eight Goths (Swedes) and 22 Norwegians on a journey of discovery from Vinland far west. We had our camp by lake with two rocky islets one day's journey north from this stone. We were out fishing, when we returned home we found 10 men, red with blood and dead. Ave Maria, save us from evil!" And on the edge of the stone is the following: "We have 10 of our party by the sea, looking after our vessel, 14 days' journey from this island. The year 1362."

"The speaker took up the improbability of 30 Norsemen being able to penetrate this far by showing that Jean Nicolle travelled much further into the American wilderness alone two centuries later. The discrepancy alleged against the date of 1362 on the stone, when there are no records of Norse visits to Vinland later than the year 1000 and soon after, he disposed of by quoting a letter of King Magnus of Denmark, dated 1355, giving orders for an expedition under Peter Knudsen's lead to go to search for a party of Greenlanders who had forsaken the Christian religion and crossed over into Vinland. This expedition sailed in 1355 and returned to Norway in 1364, so these Norsemen supposed to have left the stone at Kensington might have belonged to this party, searching for the lost settlers of Greenland.

"The '14 days' journey from the

PROVINCIAL NEWS.

NO INCOME TAX NEXT YEAR.

There will be no provincial income tax legislation introduced at the coming session of the Legislature, according to advice sent by Premier Greenfield to the Calgary Board of Trade, in answer to an enquiry. The Premier has stated that it is not the intention of the government to advance this legislation at present.

MORE RURAL PHONES.

As a result of a campaign launched by Hon. V. W. Smith, Minister of Telephones, there has been considerable increase in the number of rural phones now in use, and the statement is made that the government now controls 32,000 phones.

SEED GRAIN BEING SOLD.

The surplus seed grain of the farmers of the province which is being handled through the government cleaning plant at Edmonton is now being offered for sale by the crops branch of the Department of Agriculture. Requests for this grain are now being received at the office of this branch and those who wish to purchase should apply there.

BIG DAIRY CONVENTION.

One of the largest dairy conventions ever held in Alberta will be held at place at Calgary January 22 to 25, when the dairymen of all western Canada will meet there in annual conference. Delegates from the four western provinces will be in attendance. The Alberta provincial dairy convention will be held at the same time, and a very large gathering of dairymen during that week is expected. The convention will discuss all branches of dairying and the problems attendant upon each. The recently inaugurated system of government grading of cream by the provincial department of agriculture, which has proved such a success, will be an interesting topic for discussion.

NEW IRRIGATION PROJECT.

Work on the new irrigation project near Cardston has been completed, and the project will be in use next spring. The sale of \$450,000 of debentures, which brought a premium of \$10,000 will likely be sufficient to cover the cost of the project, without the necessity of issuing the further \$75,000 at first contemplated. This will make the capital cost of the project about \$22 per acre.

MANY EXHIBITS AT CHICAGO.

Alberta will have a considerable number of exhibits of seed grain at the international hay and grain show at Chicago next month. Already there are over fifty entries and as many more are expected.

POULTRY SHOW.

The Provincial poultry show will be held in Edmonton during the week of January 15th, and the prize list is now in course of preparation.

HORSES FOR FEEDLE MINDED.

Rapid progress is being made on the new home for the feeble minded children just north of Edmonton, and it is expected that the new institution will be ready for occupancy early in the year. There are now two hundred inmates ready to be housed in the new home. Occupational work will be a strong feature of the system of treatment for patients. Dr. W. J. McAllister is to be the superintendent of the home. He is now engaged in special training at the Waverley Institute in Massachusetts.

CANADIAN NATIONAL RAILWAYS

EXCELLENT SERVICE FOR EASTERN CANADA EXCURSIONS

With the operation of the "Continental Limited" to and from the East, with suitable branch line connections, and also with the operation of the "National" from Winnipeg to Toronto, connecting with all Ontario points. The Canadian National Railway offers an unequalled service for those who contemplate taking advantage of Eastern Canada excursions this winter. The Sleeping and Dining Cars are second to none and the meals served in the Dining Cars are now at a reasonable price and within reach of all.

The excursions to the East commence December 1st, when the Canadian National Railways will have on sale daily and up to January 15th, first class round trip tickets at single fare and one third, from all stations Winnipeg and Emerson west in Manitoba, Saskatchewan and Alberta. Tickets will be good for three months from date of issue, with certain stops and extension privileges. 6t.

You may swat, you may spatter,

The flies as you will,

But the last fly of summer
Will hang around still.

When people get so that, they share their moonlight together you can figure that they are close friends.
